IN THE CLAIMS:

Please cancel Claims 1-8 without prejudice or disclaimer.

Please add following new claims:

9. (New): A pipe liner bag everting device comprising a generally tubular body, the tubular body defining a first end configured to be coupled with one end of a guide tube and a second end configured to be coupled with a folded end of an uneverted pipe liner bag, the first end having a diameter smaller than a diameter of the second end, the tubular body comprising at least first and second members unitarily coupled with each other, the first member defining the first end, and the second member defining the second end.

10. (New): The pipe liner bag everting device according to Claim 9, wherein the tubular body additionally comprises a third member connecting the first and second members to each other.

11. (New): The pipe liner bag everting device according to Claim 9, wherein the first member defines at least the first end and a third end, the third end is configured to couple to a second guide tube.

12. (New): The pipe liner bag everting device according to Claim 11, wherein the tubular body additionally comprises a third member connecting the first and second members to each other, and the first end and the third end are positioned on opposite sides of the third member.

13. (New): The pipe liner bag everting device according to Claim 9, wherein the second member generally encloses the first member.

Appl. No. : Unknown
Filed : Herewith

14. (New) The pipe liner bag everting device according to Claim 9, wherein the second member comprises first and second pieces, and the first member is connected to the second piece.

COMMENTS

Claims 9-14 are now pending in the present application, Claims 1-8 having been canceled without prejudice or disclaimer, Claims 9-14 having been added. No new matter has been introduced. Additionally, Applicants has amended the Specification to include priority information.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
